WILLETT & WHELOCK
NORTH COLLINS, N. Y.

WHOLESALE TRADE LIST
OF
WILLETT & WHEELOCK
North Collins, N. Y.

IN presenting you with this our 19th annual price list we wish to thank all our many customers for their liberal patronage without which success would not have been possible and we assure you that our stock for the spring trade is up to our usual high standard. **IF YOU HAVE NEVER BOUGHT OF US GIVE US A TRIAL ORDER THIS SPRING.**

We are also glad to have those in the trade visit us and will meet all comers at either depot (Angola or North Collins) with auto.

Our nursery and farm is located between North Collins and Angola. We ship from both towns. At North Collins we have the Erie R. R. and at Angola the Lake Shore and Michigan Southern, the Nickle Plate and Pennsylvania Railroads. We have the Adams, American, National and Wells Fargo Express Companies which give good shipping facilities. We store Grapes, Currants, Goose-berries, Blackberries and Red Raspberries in the cellars for early Spring shipment, Strawberries and tip Raspberry plants are always fresh dug as wanted for shipping. Every box is carefully paper lined and no care will be spared to have the stock reach its destination in good condition.

No charge for packing package or carting to depot, but after delivering to forwarding Company it is understood that we are released from any further responsibility for its safe arrival. We will, however, do everything in our power to trace and hurry the shipment through. **BEFORE SENDING US COMPLAINT OF DELAY BE SURE THE STOCK HAS PLENTY OF TIME TO REACH YOU.**

GUARANTEE

We have every reason to think our stock pure and true to name, but we also realize that errors creep in in unexpected places sometimes, and we sell with the understanding that we are not responsible for any damage over and above the first cost of the plants, should there be an error. All sales are made subject to above conditions.

CREDIT

We extend credit to all responsible parties, payments due June the first and December the first. If we have never had dealing with you, always send Bank references if credit is desired, otherwise shipment will be delayed until we can look up your responsibility. It is to your interest to avoid delays of this kind.

STATE OF NEW YORK

No. 1120

Department of Agriculture

Certificate of Inspection of Nursery Stock

Dated, Albany, N. Y., Sept. 10, 1912.

This is to certify that the stock in the nursery of Willett & Wheelock, of North Collins, County of Erie, State of New York, was duly examined in compliance with the provisions of Section 305 of the Agricultural Law, and was found to be apparently free from any contagious or infectious diseases, or the San Jose scale, or other dangerously injurious insect pest or pests. This certificate expires September 1, 1913.

CALVIN J. HUSON,

Commissioner of Agriculture

The Prolific Strawberry originated at the Geneva Experiment Station and is one of the several such that seems to us to be of exceptional merit. In order that as many as possible may test it we offer them in lots of 100 only WITH OTHER STOCK, at 50c per 100.

Last season we had not one half enough plants to supply the call, and sold so close that we had few left for planting and not one for fruiting the past season. We would be pleased to hear from others who have fruited them, especially those who got plants from us the past season, write us at the end of the fruiting season next summer.

We append extracts from the letters of a few of our customers:
